

PUBLIC SAFETY

The City of Escanaba maintains an active and dedicated Department of Public Safety for your protection. Public Safety Officers are fully cross-trained as certified police officers and fire fighters. Officers respond to police, fire, and vehicular extrication emergencies. The department has four platoons which work twelve hour shifts, a detective bureau manned by four well-experienced detectives, and one K9 Team. Beyond the day to day functions and responsibilities, the department also houses and manages the Delta County Central Dispatch center. In an emergency, residents should call 911. For further information, contact Director Robert LaMarche at 786-5911.
