**UNFINISHED BUSINESS**

**UB-1 Approval – Service Contract.**

Administration sought council approval of an amended service contract with the Sault Ste. Marie Tribe of Chippewa Indians. The Tribe pays the City $150 per dwelling on their development site. The current contract lists a specific number of units. The amendment would allow the Tribe to add additional units without making further amendments to the contract. All other aspects of the contract remain the same.

**UB-1** After further discussion, Schumann moved, Blasier seconded, CARRIED UNANIMOUSLY, to approve to table the service contract with the Sault Ste. Marie Tribe of Chippewa Indians until administration and the tribe can come up with a number of additional units they are both comfortable with.

**NEW BUSINESS**

**NB-1 Approval – 2019/20 Property and Liability Insurance Renewal.**

Manager Jordan stated he was looking for approval of the new job descriptions.

After further discussion, Mayor Tall, with Council, agreed that this item does not need to come to Council for approval, as this is the Manager’s job.

No Action taken.

**NB-3 Changing the Boundaries of the DDA.**

Blaiser stated, by a process, the city can adjust the boundaries of the area from which the DDA gets its free taxes. There is a possibility of a large development occurring where the old jail used to be, which falls within the DDA district. Only the DDA would benefit from the property taxes. By moving the old jail site from the DDA boundaries it would allow all other local entities to collect taxes.

**NB-3** Blaiser moved, Schumann seconded, to approve to instruct City Manager Patrick Jordan to prepare the necessary documents and set a timetable for the steps of redistricting the DDA.

City Council Agenda Item Request

Date: 6-28-19
Name: Jeff Lampi
Department: Wastewater
Item: Engineering for Design & Construction of SRF Project
Meeting date requested: 7-1-19

Explanation for request:

I would like council authorization to retain the engineering services of C2AE teamed with Black & Veatch to oversee and complete the upcoming SRF project at the wastewater treatment plant. These services shall be deemed all-inclusive to include all aspects and phases of design and construction including the additional engineering, (Soil Boring, SRF parts I, II, & III, Permits, Survey, Compaction Testing, Storm water Monitoring, O&M, & Start-up.) Attached you find a project cost breakdown explaining where these costs and fees are to be applied. Because this project is planned to be conducted over several years; consideration has given to annual inflationary increases, and have been included and calculated in this fee schedule. Total costs for these engineering services are projected to be $1,625,000.00, for the projected $10,361,000.00 cost expected for construction. Using these numbers engineering will account for around 15.6% of the over project costs. Using Black & Veatch contributes to this slightly higher than average cost. However; I feel very strongly that the benefits we receive as a result of B&K's involvement on this project will be more then worth the additional costs. I'm requesting authorization to retain the services of the engineering firm of C2AE at the estimated cost of $1,625,000.00, pending the results of our legal review of the Professional Services agreement presented to us. The cost of these Engineering Services will be reimbursable to the City as part of the SRF loan.

Escanaba City Council and City Manager, Patrick Jordan
c/o: Phil DeMay, City Clerk

Dear City Council and City Manager, Patrick Jordan:

The Bonifas Arts Center requests that the Council adopt the attached Resolution in support of a grant application to the Michigan Council for the Arts and Cultural Affairs seeking matching funds for the Music Mondays Summer Concert Series. Would you please put this request on the August 1, 2019, City Council agenda?

The grant proposes a collaborative effort between the City and the Bonifas Arts Center to enrich the cultural lives of area residents and visitors through free concerts featuring area musicians. The Bonifas is requesting that the City serve as lead applicant for this grant application since the Bonifas has already received grant monies in this funding cycle and cannot receive a Mini Grant in 2019. The Resolution is a required component of the grant to confirm the City’s approval to seek the grant and to comply with administering the grant (if awarded).

The grant proposes six “Music Mondays” in the evenings throughout June, July and August in the Karas Memorial band shell in Ludington Park. The 2020 schedule will begin on the last Monday in June and continue through the first Monday in August. The Bonifas will coordinate the musicians and promote the events across the region.

The grant recipient’s obligation under the grant is to serve as administrator of the funds which would entail; tracking and reporting on the grant funds received/expended from MCACA, documenting the City’s in-kind contribution of facility use and staff time, compensating artists for their services and the Bonifas for organizing and promoting the events. The Bonifas would be happy to perform these tasks on behalf of the city.

I plan on attending the August City Council meeting to support this request. If there are any questions regarding this request please contact me.

Sincerely,

Sue Roll
