Re: Water Service Truck Purchase

Patrick,

I was able to obtain several quotes from the area dealerships on various models and brands of vehicles, using the municipal fleet vehicle pricing available for the City of Escanaba. I feel our best value comes from Riverside Chevy in the form of a half-ton, regular-cab work truck.

As a reminder of our past discussions; this truck will not be purchased in the traditional color of “Escanaba Yellow”. It is my intention to purchase this in either a white or silver color, to increase our ability for selling this truck to the public. I plan to use this vehicle for two (2) or three (3) years at most before attempting to sell it at a higher retail value, with hopes of losing very little of our initial investment. If we do not get what we feel is an acceptable price, we will keep the truck as traditionally done in the past and chalk this up as a good attempt at trying a new idea.

The required accessories needed to make this a “Service” ready truck will include the following items;

- Headache rack for mounting emergency lights & radio antenna ~$600.00
- Tonneau cover to keep the tools dry and secure ~$1,000.00
- Sliding truck bed to gain access to the tools in the front of the bed. ~$1,200.00
- City of Escanaba signage or magnetic door sticker ~$200.00

These additional items will be able to be removed and placed on the next truck purchased, easily and at little to no cost.

For comparison; A full size traditional service truck body will cost around $7,000, and is not at all easily removed and placed on a different truck. Also note; that ordering a truck without a box only saves around $650.00.

If all goes as planned we will recoup a large percentage of our initial investment by selling this truck before it loses much value, without incurring any maintenance costs.

Riverside Chevy of Escanaba is able to provide a 2019, half ton, Regular Cab, 4x4 work truck at a price of $26,321. Some details (such as adding running boards) were not able to be specified at the time of this quote, so some changes in the final price may occur.

With your authorization I would like to purchase this truck from Riverside Chevrolet of Escanaba, at a cost not to exceed $27,000.

Money is available within this current fiscal year's budget

All City phones are serviced by PRI lines provided through TelNet. This service provides 23 lines for use at any time.

TelNet is offering a two year contract with no price increase over the prior contract. In addition to providing us with 23 lines, it also provides free local calling. With monthly billings averaging $525/month, the two year commitment would be approximately $12,600.

I’ve attached a copy of the contract for your review.

I would ask that the renewal of our TelNet PRI contract be placed before the City Council at the January 17th regular council meeting.

FROM: CAROLYN STACEY, LIBRARY DIRECTOR
SUBJECT: BID AWARD, LIBRARY FLOORING
DATE: 1/11/2019

In October, 2018, a lightbulb exploded in the library ceiling, resulting in burns to the carpet. An insurance claim was filed and on approval from insurance, the project was put out to bid. Two bids were received.

With this memo, the library requests that the City award the contract to the lowest bidder, Heynssen-Selins, in the amount of $59,040. This amount reflects replacement cost of the current carpet with a comparable product and will ensure a high quality, long-wearing floor covering for decades. The City’s insurer has authorized replacement cost. There will be no direct impact to the General Fund or the Library Budget.
