

# Check the Status of your ballot

Go to <https://mvic.sos.state.mi.us/Voter/Index>

On the site, you can search by name or driver's license number to pinpoint information about your ballot.

If you are registered to vote and have cast a ballot, the site should show you:

- Your absentee ballot status, including the date the clerk received your application, the date your ballot was sent to you and — if the ballot has been received — the date the clerk received it.
- An election calendar that includes a sample ballot.
- Your in-person polling location address.
- The name and contact information for your local clerk.
- Your voting district information.
