

CITY OF ESCANABA
ZONING BOARD OF APPEALS
Official Minutes – Tuesday, April 16, 2024

CALL TO ORDER

A meeting of the Escanaba Zoning Board of Appeals (ZBA) was held on Tuesday, April 16, 2024 at 6:00 PM in Room C101 at City Hall, 410 Ludington Street, Escanaba, MI 49829.

Chair Thorsen called the meeting to order at 5:59 PM.

ROLL CALL

Chair Brian Thorsen.....	Present	Mbr. Jon Liss.....	Absent
Vice Chair Christopher Renner.....	Present	Mbr. Don Curran.....	Present
Mbr. Paul Harvey.....	Present	Mbr. Richard Clark.....	Present

With five in attendance, a quorum of the ZBA was present.

ALSO PRESENT

City Administration:

- Tyler Anthony, Planning & Zoning Admin
- Brianna Ecklid-LaVigne, Confidential Sec.
- Ronald Beauchamp, City Council Liaison

Others:

- Lisa Temple, 421 2nd Ave. S

3 other unnamed individuals were present.

AGENDA

Renner moved to approve the agenda as proposed. Curran seconded.

A voice vote was taken. MOTION PASSED.

CONFLICT OF INTEREST DECLARATIONS

Renner declared a conflict of interest; he owned land within 300 feet of the property subject to the variance request which was under review at this meeting. Thorsen noted that, per the Rules of Procedure, Renner had to leave the meeting room and wait until that business was finished.^{1,2}

Renner left the meeting at 6:01 PM.

PUBLIC HEARINGS

PH1: Variance Petition – 421 2nd Avenue South

Thorsen described the nature and process of public hearings before the ZBA. He then introduced the variance request.³

¹ “Each member .. shall avoid situations that are conflicts of interest As used here, a conflict of interest shall ... include ... issuing, deliberating on, voting on, or reviewing a case ... concerning work on land ... which is within 300 feet of land owned by [the member]” (sec. 301).

² “When a conflict of interest exists, the member ... shall[,] ... during deliberation [on a given item of business], leave the meeting room entirely until that [business] is completed” (sec. 302).

³ See exh. A, PH1.

Chair Thorsen opened the public hearing at 6:02 PM.

Temple, the variance's applicant, presented her case. She purchased the property in March 2009. During that process, she had asked both her appraiser and the title company to explain why the property was tagged with "legal nonconforming"; both failed to explain this in detail and told her not to worry. Since that time, she had done lots of work to improve the property, including landscaping, garden work, and removal of junk.

After a year or so, Temple explained, she decided to erect a shed on the property. She had spoken with her neighbor, the then-owner of 415 2nd Ave. S, who found it to be a good idea. That neighbor then told her that their shared property line was in a row of shrubs between their lots.

Temple then reported to have called the City – likely the City Clerk's Office – for information about permits. She was told that, since the type she had considered was manufactured off-site, then no permit was needed.⁴ With that, Temple had the accessory building moved onto the property along its east side.

The shed's placement only came into question after new owners moved into 415, two ownerships after the original neighbor, and 15 years after the shed was placed.⁵ They had planned to do some yard work, and they had a "mortgage"-type survey done for their lot.⁶ Through that survey, it was found that the property line was not in the shrubs, but closer to Temple's dwelling – this put her shed one foot over the line, into the neighbor's yard.

After this finding, Temple then approached Anthony, the Zoning Administrator, to see where on her lot she could move the shed. It was found that, due to the odd nature of her property and dwelling – including the fact that it was a corner lot – the only yard spaces left were front yards. Because of this, the only option was to apply to the ZBA for a variance.

Temple asked that her variance request be granted since she did not intend to break the law. She wished to fix the shed issue, and it seemed that moving it to another place on the lot was the only solution. Losing it would have been upsetting, since that was where she kept her garden tools. Given the hard work that Temple had done to improve the property – and several compliments therefor – she hoped that the ZBA would recognize this and allow her to continue working. Without the shed, she would not have had any place to store her tools.

Thorsen asked Temple if he correctly understood that she had an existing shed which was to be moved; she replied that he was correct.

Thorsen then sought discussion from Members. Clark assured Temple that she should not feel like a criminal over this case, given the known issues with the Zoning Ordinance. He added that she had obviously become well-versed in the Ordinance; Temple agreed, finding it a difficult text.

In addition to Temple's presentation, Members also considered a single written comment.⁷

With no further comments, Chair Thorsen closed the public hearing at 6:18 PM.

⁴ Permits have always been required for accessory buildings, site-built or not. However, with the City's historic administrative performance, it is very possible that Temple was told this falsehood.

⁵ Temple had reported these neighbors for a possible zoning violation. Indeed, a violation was present, and it was resolved. This did, however, draw attention to her own shed.

⁶ See exh. A, NBI att. 1.

⁷ See exh. B.

Anthony noted a suggestion he had for this case. The shed also ran afoul of lot coverage limits, and he felt that it made sense to address that matter, too. Brief discussion ensued.

Clark offered, Curran seconded:

**RESOLUTION No. 24-01
RESOLUTION TO ESTABLISH FACTS
IN THE MATTER OF CASE No. ZBA24-0001**

RESOLVED, That the Zoning Board of Appeals, in the matter of Case No. ZBA24-0001, has made these findings of fact:

1. Lisa Temple, hereinafter ‘the Applicant’, submitted a request for variance, hereinafter ‘the Request’, which would grant permission to place an accessory building in front yard space;
2. The Applicant made the Request for the following described property, hereinafter ‘the Property’:
The west 75 feet of Lot 6 of Block 17 of the Original Plat of the City of Escanaba, as recorded in Liber ‘A’ of Plats, Page 74, Delta County Records, Parcel No. 051-010-2929-336-001, Commonly known as 421 2nd Avenue South;
3. The Applicant is the Property’s owner;
4. Placement of accessory buildings in front yards is prohibited by section 509.2 of the Zoning Ordinance;
5. A dwelling on the Property is located such that there is no rear or side yard;
6. The Property was created on the 26th of July 1927, wherein the west 75 feet of the lot were granted to another person by that owner of the remaining east 65 feet of the lot;
7. The Zoning Ordinance was adopted on the 12th of April 1929;
8. An accessory building which will be subject to a variance in this case is 32 square feet in area; and
9. The remaining allowable lot coverage, exclusive of any accessory building, is 10 square feet per section 507 of the Zoning Ordinance.

A roll call vote was taken with the following results:

Yes: Curran, Thorsen, Harvey, Clark;

No: None;

Absent: Renner, Liss;

MOTION PASSED.

Clark offered, Curran seconded:

**RESOLUTION No. 24-02
RESOLUTION TO MAKE CONCLUSIONS AND ISSUE A DECISION
IN THE MATTER OF CASE No. ZBA24-0001**

Whereas, The Zoning Board of Appeals, in the matter of Case No. ZBA24-0001, made certain findings of fact; therefore, be it

RESOLVED, That the Applicant has shown a practical difficulty by demonstrating that:

1. Strict compliance with area, setbacks, frontage, height, bulk, or density would unreasonably prevent the Applicant from using the Property for a permitted purpose;
2. A variance would do substantial justice to the applicant as well as to other property owners in the district, and that a lesser relaxation would not give substantial relief and be more consistent with justice to others;
3. The plight of the Applicant is due to unique circumstances of the Property; and
4. The problem was not self-created;

RESOLVED, That the Zoning Board of Appeals approves the Request; and

RESOLVED, That the following conditions are imposed:

1. No accessory building shall be placed any closer to 2nd Avenue South than the Property's dwelling;
2. All other requirements which apply to accessory buildings shall be followed.

A roll call vote was taken with the following results:

Yes: Curran, Thorsen, Harvey, Clark;

No: None;

Absent: Renner, Liss;

MOTION PASSED.

Thorsen congratulated Temple on the granting of her variance.

Renner reentered the meeting at 6:27 PM.

PUBLIC COMMENT ON AGENDA ITEMS

None.

HOUSEKEEPING BUSINESS

Thorsen noted that there were no minutes to approve. Anthony explained that the April 2nd regular meeting was accidentally canceled instead of being rescheduled. This meeting was then scheduled as a special one. With that, the ZBA had to wait until the next regular meeting to conduct regular business, such as approving minutes.

PUBLIC COMMENT ON ITEMS NOT ON THE AGENDA

None.

ADJOURNMENT

Curran moved to adjourn the meeting. Harvey seconded.

A voice vote was taken. MOTION PASSED.

The meeting adjourned at 6:29 PM.

Public Participation Procedures

The City of Escanaba will provide all necessary, reasonable auxiliary aids and services to individuals with disabilities at the meeting/hearing upon five days' notice to the City of Escanaba Clerk's Office by writing or calling (906) 786-9402.

Those making public comment are expected to be familiar with the issue and have prepared comments ahead of time. To help the public in preparing for the meeting, any material shall be made available without cost to members of the public by request before the meeting.

Preference will be given to those persons who have notified the City in advance of the meeting. Such preference will be done by placing a person's name on the agenda, and they will be recognized by the presiding officer without further action. To have a name placed on the agenda, please contact the Planning & Zoning Department at least seven days before the meeting.

During the agenda item, when the floor is opened for public comment by the chair, individuals wishing to comment should:

1. Approach the podium.
2. Speak into the microphone.
3. State your full name and address for the record (providing spelling as necessary)
4. Direct all comments/questions to the Chairperson only.
5. Be guided by the following time limits:
 - Petitioner/aggrieved party – 15 minutes (unless amended by the Chair)
 - General public – 3 minutes (unless amended by the Chair)

The Chair may ask members of the audience to caucus with others sharing similar positions so they may select a single spokesperson.

Any person making personal, impertinent, or slanderous remarks, or who shall become boisterous while addressing the Zoning Board of Appeals, may be requested to leave the podium.

The Zoning Board of Appeals may be addressed regarding their business at any time by direct mail or by addressing the Planning & Zoning Department.

AGENDA ITEM REPORT

PH1: VARIANCE REQUEST, 421 2ND AVENUE SOUTH

The ZBA will hear a variance request from Lisa Temple. The applicant requests a variance from the restriction against accessory buildings in front yard space. Currently, no accessory buildings are allowed in front yards per Zoning Ordinance Sec. 509.2

BACKGROUND

<i>Case #</i>	ZBA24-0001	<i>Property Owner:</i>	Lisa Temple
<i>Tax Parcel #</i>	051-010-2929-336-001	<i>Applicant:</i>	Lisa Temple
<i>Address:</i>	421 2 nd Avenue South	<i>Zoning District:</i>	A – Single-Family

Property Description:
 West 75’ of Lot 6 of Block 17 of the Original Plat.

Variations

The Zoning Board of Appeals, in accordance with Sec. 304.2, may authorize a dimensional variance from the terms of the Ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the Ordinance would result in practical difficulty (Sec. 303.1.3).

The Zoning Board of Appeals may authorize upon appeal in specific cases such variance from the terms of the Zoning Ordinance as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of the Ordinance would result in practical difficulty in accordance with this section. A variance from the terms of the Ordinance shall not be granted by the Zoning Board of Appeals unless and until all requirements of the variance process are fulfilled (Sec. 304.2).

Application History

An application to appear before the Zoning Board of appeals was received on November 20, 2023, although it was incomplete. A second, complete application was received the following day, November 21, and the appropriate fees were paid. Since this application was not appealing any administrative decision, there is no 15-day filing requirement to be met.

Public Hearing Notices

The Zoning Administrator shall set and notice a public hearing in accordance with Section 201.5 and transmit to the Zoning Board of Appeals all papers and records regarding the appeal (Zoning Ordinance Sec. 304.2.2).

Public hearing notification requirements have been fulfilled as follows:

- Newspaper notice: 29 March 2024.
- Mailed notice: 26 March 2024.

ANALYSIS

The Zoning Board of Appeals shall make findings that a “practical difficulty” has been shown by the applicant by finding that all of the following requirements have been met by the applicant for a variance (Sec. 304.2.3).¹

To more concisely approach this case, the ZBA might do well to observe a higher court’s variance approach. The Michigan Court of Appeals has applied the following principles in cases on variances:

1. To obtain a dimensional variance, the applicant must show practical difficulty by demonstrating that:
 - (a) Strict compliance with area, setbacks, frontage, height, bulk, or density would unreasonably prevent the owner from using the property for a permitted purpose, or would render conformity unnecessarily burdensome;
 - (b) A variance would do substantial justice to the applicant as well as to other property owners in the district, and that a lesser relaxation would not give substantial relief and be more consistent with justice to others;
 - (c) The plight of the owner is due to unique circumstances of the property; and
 - (d) The problem was not self-created.
2. The ZBA must ensure that the “spirit of the zoning ordinance is observed, public safety secured, and substantial justice done” (MCL 125.604(7)).

Staff Opinion

The root issue here is that the dwelling on the property is a nonconforming building. Since the original Zoning Ordinance was adopted on April 12, 1929, there existed a chance that the building was illegal from the start. However, this was disproven when the dwelling was found on a Sanborn Fire Insurance map dated November 1921.² It is worth noting, however, that two addresses are shown for the dwelling (421 2nd Ave. S, 303 S 5th St.), and for a second dwelling at the full lot’s rear (415 2nd Ave. S), which is now on a separate, partial lot.

Speaking of 415 2nd Ave. S, that partial lot was created by a split done through a deed from July

1 See attachment 2.
 2 See attachment 3.

1927.³ This, then, also dates to before the original Zoning Ordinance. Given these facts, the current lack of rear and side yards is cemented as a nonconforming status for the dwelling. It is also worth noting that this status evolved nearly a century ago, well before Lisa Temple owned it.

Because the lot is a corner one, the lot lines on 2nd Ave. S and S 5th St. are considered front lot lines, with front setbacks taken from each. This also means that the space between those front lot lines and the dwelling are front yard spaces. Per Zoning Ordinance sec. 509.2, “detached accessory buildings shall not occupy front yard space.”⁴ But since the only usable yards on the property are front yards, there is nowhere to place an accessory building. The vast majority of properties in the City have rear yards large enough to accommodate an accessory building, and a good number of them have side yards in the same way. It is incredibly rare to find a dwelling without a rear yard.

The questions, then, are:

1. Is the owner unreasonably prevented from placing an accessory building on the property?
2. Would a variance do substantial justice to the owner and to others in the A – Single-Family zoning district?
3. Is the owner’s plight due to unique circumstances of the property? and
4. Is the problem self-created?

From the staff perspective:

1. The owner is unreasonably prevented from placing an accessory building. This is because there are no acceptable yards on the property which could be used for such a building.
2. A variance would indeed do substantial justice to the owner and to others zoning district. Since most other properties in the A – Single-Family zoning district can (and do) have accessory buildings, justice is not done by denying such an ability to this owner.
3. The owner’s plight is due to unique circumstances of the property. Since rear and side yards were gone by the time our Zoning Ordinance was adopted, no accessory building could have ever been placed on this property – so long as the dwelling remained.
4. The problem was not self-created. Again, these conditions have existed since day one of the Zoning Ordinance, plus two years.

With all of this in mind, it is staff’s opinion that a variance should be granted in this case.

RECOMMENDATIONS

- 3 See attachment 4.
- 4 See attachment 5.

1. Determine findings of fact

When the ZBA has weighed all relevant information, they must make findings of fact. Sample language:

“I move to adopt the following resolution:

RESOLVED, That the Zoning Board of Appeals, in the matter of Case No. ZBA24-0001, has made these findings of fact:

- 1. Lisa Temple, hereinafter ‘the Applicant’, submitted a request for variance, hereinafter ‘the Request’, which would grant permission to place an accessory building in front yard space;*
- 2. The Applicant made the Request for the following described property, hereinafter ‘the Property’:
The west 75 feet of Lot 6 of Block 17 of the Original Plat of the City of Escanaba, as recorded in Liber ‘A’ of Plats, Page 74, Delta County Records,
Parcel No. 051-010-2929-336-001,
Commonly known as 421 2nd Avenue South;*
- 3. The Applicant is the Property’s owner;*
- 4. Placement of accessory buildings in front yards is prohibited by section 509.2 of the Zoning Ordinance;*
- 5. A dwelling on the Property is located such that there is no rear or side yard;*
- 6. The Property was created on 26 July 1927, wherein the west 75 feet of the lot were granted to another person by that owner of the remaining east 65 feet of the lot; and*
- 7. The Zoning Ordinance was adopted on 12 April 1929.*

2. Make conclusions and issue a decision

Given the facts, the ZBA must then make conclusions based on the findings of fact and issue a decision on the case. Sample language:

“I move to adopt the following resolution:

Whereas, The Zoning Board of Appeals, in the matter of Case No. ZBA24-0001, made certain findings of fact; therefore, be it

RESOLVED, That the Applicant has shown a practical difficulty by demonstrating that:

- 1. Strict compliance with area, setbacks, frontage, height, bulk, or density would unreasonably prevent the Applicant from using the Property for a permitted purpose;*
- 2. A variance would do substantial justice to the applicant as well as to other property owners in the district, and that a lesser relaxation would not give substantial relief and be more consistent with justice to others;*
- 3. The plight of the Applicant is due to unique circumstances of the Property; and*
- 4. The problem was not self-created;*

RESOLVED, That the Zoning Board of Appeals approves the Request; and

RESOLVED, That the following conditions are imposed:

- 1. No accessory building shall be placed any closer to 2nd Avenue South than the Property’s dwelling;*
- 2. All other requirements which apply to accessory buildings shall be followed.”*

VARIANCES. The Zoning Board of Appeals may authorize a dimensional variance from the terms of this Ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of this Ordinance would result in practical difficulty.

TIME LIMIT. An appeal shall only be considered if filed within fifteen (15) days after the cause arises or the appeal shall not be considered. If such an appeal is not made, the decision of the Zoning Administrator shall be considered final.

REPRESENTATION AT HEARING. The applicant or the applicant’s authorized agent must be present at the public hearing to properly answer questions concerning the appeal. If the applicant or agent is not present, the appeal may be deferred until the next meeting or dismissed, at the direction of the Board.

PUBLIC HEARING NOTICE. Notice of the public hearing will be made to property owners within 300 feet of the appealed property, as well as published in the newspaper so that they may appear before the Zoning Board of Appeals to voice any objections, support, or to further inquire.

CIRCUIT COURT REVIEW. A decision of the Zoning Board of Appeals shall be final. However, any party having a substantial interest affected by an order, determination or decision of the Zoning Board of Appeals may appeal to the Circuit Court if such appeal is made to the Court within thirty (30) days after the Zoning Board of Appeals issues its decision in writing, or within twenty-one (21) days after the Zoning Board of Appeals approves its minutes.

Further information regarding the Zoning Board of Appeals is outlined in Chapter 3 of the City Zoning Ordinance. The Ordinance can be found on our website at escanaba.org.

VARIANCE DESCRIPTION

Please describe the standard(s) from which you are petitioning for a variance, the practical difficulty stemming from those standards, and any other relevant information.

Attach any evidence you may need to this application.

505.1.1, 505.2, 505.3, 509.1, 509.2, 509.3, 509.4

Description of Variance

Property is non-conforming (legal) per title conveyed upon purchase. Lot is smaller than typical with house set on rear and side lines without currently legal setbacks leaving 1-2 1/2 feet on each property line per recent survey by neighbor. Essentially there is no rear or side yard per ordinance requirements as home is on a corner lot. Accessory building cannot be placed anywhere on this non-conforming lot that complies with setbacks. Building is a garden/storage shed, 4' x 8' wide. Requesting a variance in order to place accessory building on west side of home, toward rear line + forward.

REQUIRED STANDARDS OF REVIEW

The Zoning Board of Appeals shall make findings that a "practical difficulty" has been shown by the applicant by finding that all the following requirements have been met by the applicant for a variance. If your case does not meet all these standards, it is likely that your variance will be denied.

Special Conditions and Circumstances Unique to the Land, Structure, or Building.

That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not generally applicable to other lands, structures, or buildings in the same district.

There is no side or rear yard for accessory building to be placed due to non-conforming set backs of existing house. Corner lot is considered two front yards.

Rights of Similar Properties in the Same Districts.

That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other similar properties in the same district under the terms of this Ordinance.

Literal interpretation of the ordinance would deprive me of the right to an accessory building used for storage of lawn + garden equipment + tools, which are used for property maintenance + landscape maintenance.

Not a Result of Actions of the Applicant.

That the special conditions and circumstances do not result from the actions of the applicant.

This property was identified as legal non-conforming when acquired in 2009. House was already there since 1928, and not a result of my actions.

Special Privileges Prohibited.

That granting the variance requested will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, structures, or buildings in the same district.

No special privileges will be conferred, none requested beyond variance to locate accessory building in the only place it will fit.

Comparison to Other Lands, Structures, or Buildings Not a Factor.

That no nonconforming use of neighboring lands, structures, or buildings in the same district and no permitted or nonconforming use of lands, structures, or buildings in other districts shall be grounds for the issuance of a variance.

I am not aware of other uses pertaining to this request.

You may submit this form in person, by USPS or by email. Please make checks payable to "City of Escanaba". Credit cards may be accepted. 16 of 40 additional processing fee applies.

ZONING ORDINANCE V. Exhibit A

Planning & Zoning Department – City of Escanaba

906-786-9402 – permits@escanaba.org – 410 Ludington St. Escanaba, MI 49829

Strict Compliance is Unnecessarily Burdensome.

That strict compliance with area, setbacks, frontage, height, bulk or density would unreasonably prevent the owner from using the property for a permitted purpose and would thereby render the conformity unnecessarily burdensome for other than financial reasons.

Strict compliance is not possible and thus creates an un-reasonable burden. Area, setbacks + street frontage requirements cannot be met per current ordinance due to lot size + home placement on lot.

Substantial Justice.

That a variance would do substantial justice to the applicant, as well as to other property owners in the district (the ZBA, however, may determine that a reduced relaxation would give substantial relief and be more just).

Granting this variance would allow the use of an accessory building. It is important to me to keep my yard clean, attractive + maintained. Proper storage of tools + maintenance items keeps property neat for neighbors.

Impact.

That the proposed variance will not impair an adequate supply of light and air to adjacent property or increase the congestion in public streets; that the variance will not increase the hazard of fire or flood or endanger public safety; that that the variance will not unreasonably diminish or impair established property values within the surrounding area; and that the variance will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

Variance will not impair light, air, traffic patterns + would not create hazards. I do not believe it will diminish property values or otherwise injure neighbors or the public. It will create a positive impact by enhancing

Minimum Variance Necessary.

That the variance is the minimum variance that will make possible the reasonable use of the land, building, or structure.

Minimum variance of 8x8 square foot print (includes pad for accessory building) will make possible the reasonable use of land + structure.

Purpose and Intent of the Zoning Ordinance.

That the granting of the variance will be in harmony with the general purpose and intent of this Ordinance.

This variance will be in harmony with purpose stated in section 101.2, especially health, safety, comfort + convenience. Orderly development is important in this case to properly + safely store outdoor items.

re: Accessory Building

Lisa,

I kindly ask that you make an appointment to visit this office at your earliest convenience. We have found that your accessory building, the shed in your driveway, has presented some issues. In addition to not having a permit, it encroaches into your neighbor's yard by 2.5 feet, and exceeds allowable lot coverage by 22 square feet. See the enclosed survey for notes of this encroachment. Please do not be alarmed. I only wish to work with you towards a solution.

Best regards,

Tyler Anthony

Section 304. Appeals and Variances.

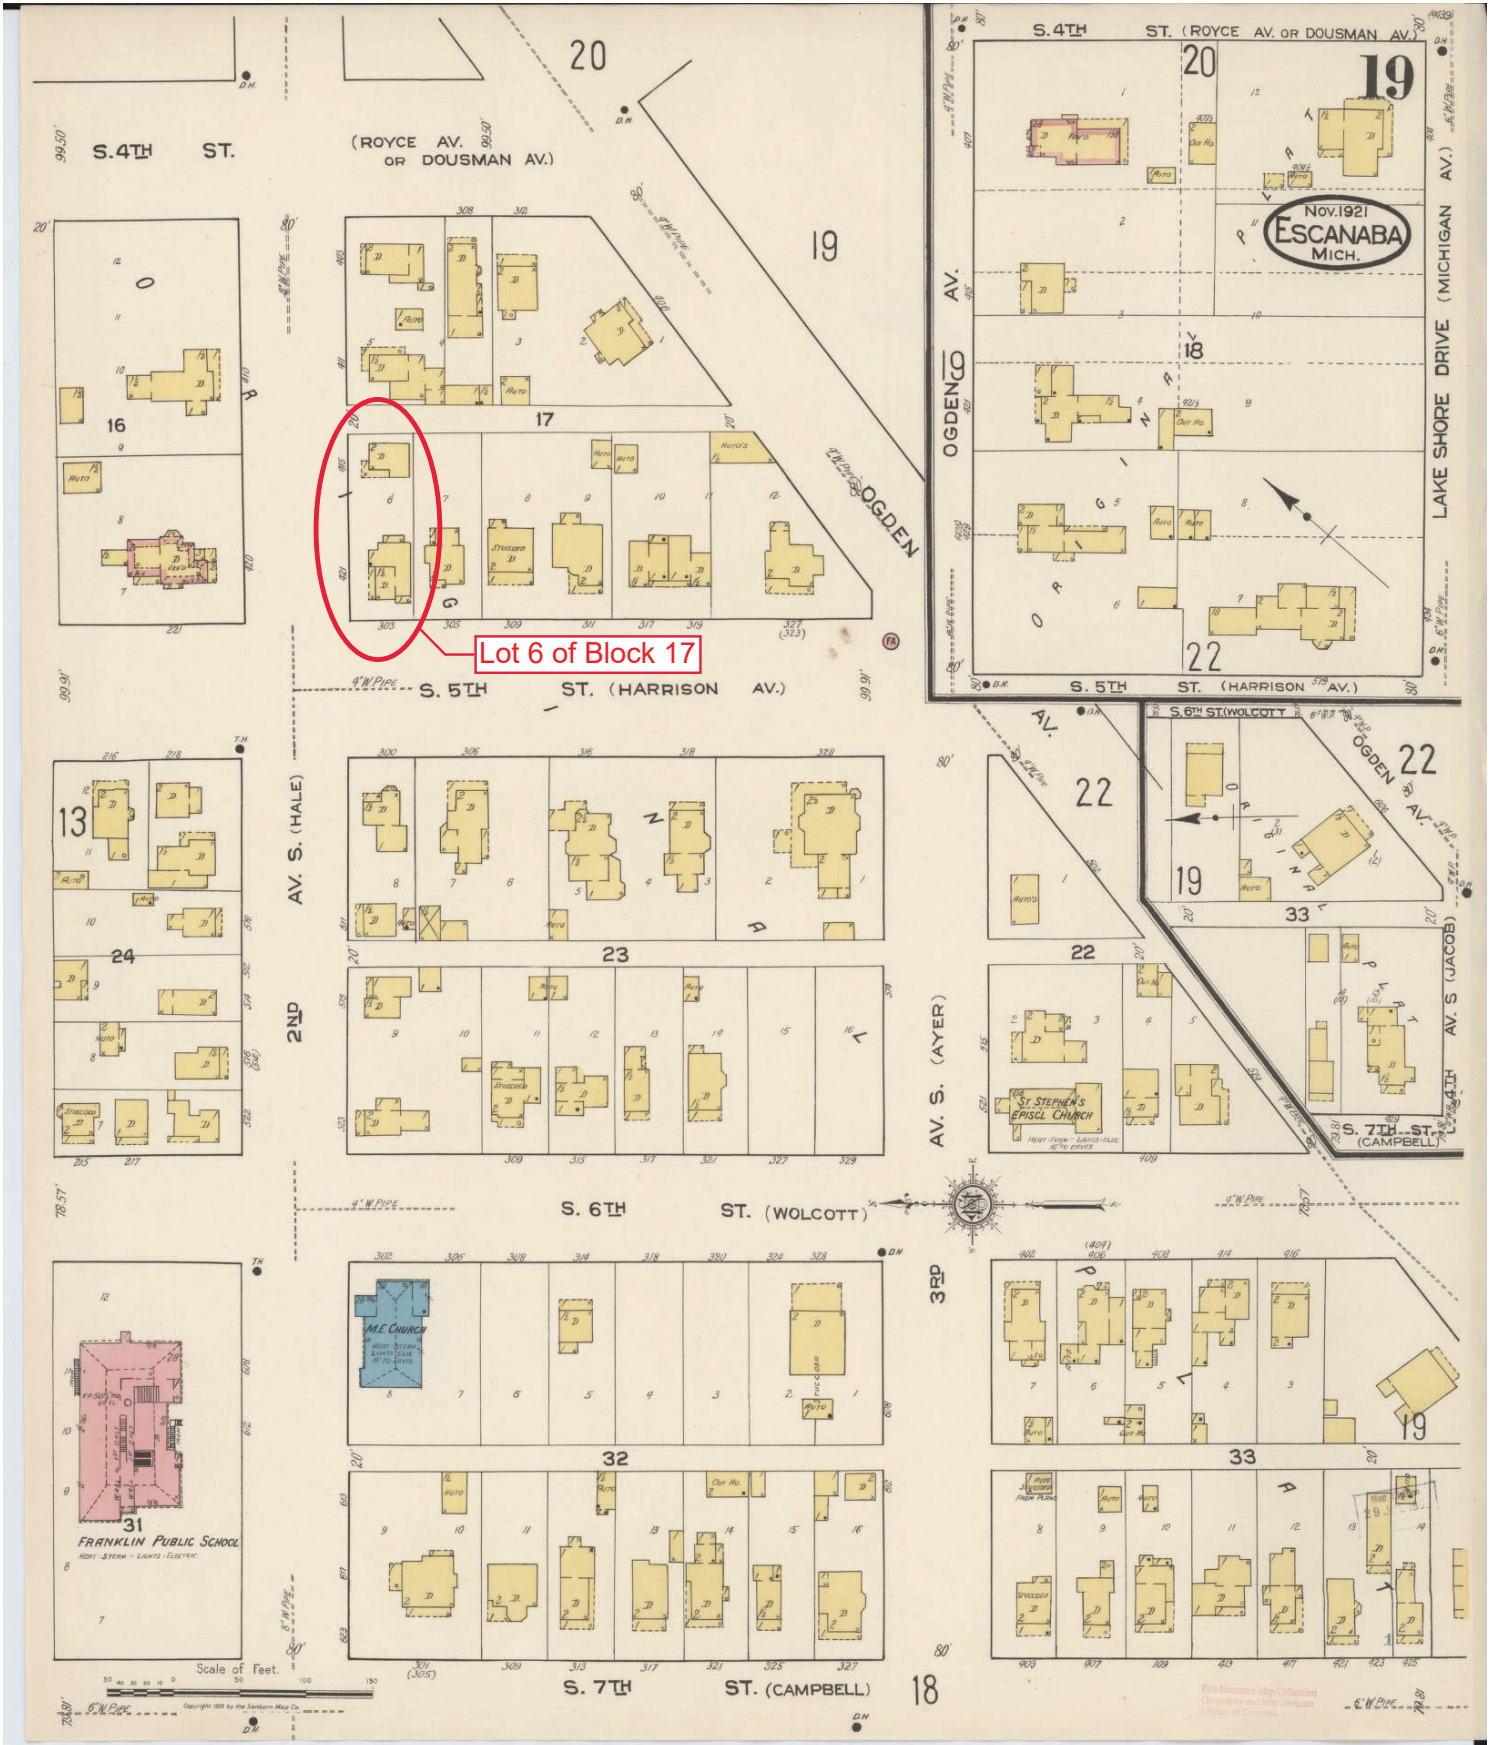

...

- 304.2.3. *Required Standards of Review.* The Zoning Board of Appeals shall make findings that a "practical difficulty" has been shown by the applicant by finding that all of the following requirements have been met by the applicant for a variance.
- A. *Special Conditions and Circumstances Unique to the Land, Structure, or Building.* That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not generally applicable to other lands, structures, or buildings in the same district;
 - B. *Rights of Similar Properties in the Same Districts.* That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other similar properties in the same district under the terms of this Ordinance;
 - C. *Not a Result of Actions of the Applicant.* That the special conditions and circumstances do not result from the actions of the applicant;
 - D. *Special Privileges Prohibited.* That granting the variance requested will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, structures, or buildings in the same district;
 - E. *Comparison to Other Lands, Structures, or Buildings Not a Factor.* That no nonconforming use of neighboring lands, structures, or buildings in the same district and no permitted or nonconforming use of lands, structures, or buildings in other districts shall be considered grounds for the issuance of a variance;
 - F. *Strict Compliance is Unnecessarily Burdensome.* That strict compliance with area, setbacks, frontage, height, bulk or density would unreasonably prevent the owner from using the property for a permitted purpose and would thereby render the conformity unnecessarily burdensome for other than financial reasons;
 - G. *Substantial Justice.* That a variance would do substantial justice to the applicant, as well as to other property owners in the district (the ZBA, however, may determine that a reduced relaxation would give substantial relief and be more just);
 - H. *Impact.* That the proposed variance will not impair an adequate supply of light and air to adjacent property or increase the congestion in public streets; that the variance will not increase the hazard of fire or flood or endanger public safety; that that the variance will not unreasonably diminish or impair established property values within the surrounding area; and that the variance will not be injurious to the neighborhood or otherwise detrimental to the public welfare;
 - I. *Minimum Variance Necessary.* That the variance is the minimum variance that will make possible the reasonable use of the land, building, or structure;
 - J. *Purpose and Intent of the Zoning Ordinance.* That the granting of the variance, will be in harmony with the general purpose and intent of this Ordinance.

Re: Special meeting dated 4/16/24
For variance located at 421 2nd Ave S

This letter is regarding a variance request from Lisa Temple. My schedule does not allow me to attend the April 16th meeting and I wanted to make my feelings about it known.

I live near this home and drive or walk by it every day. I have no objections to a shed being in the front yard.

Please contact me if there is anything else I can do in support of this variance.

Sincerely,

Tami Lynaugh-Kenny
